

Wedding Gobos

Wedding Gobos

— Order Form —

A wedding gobo is an elegant and unique way of displaying your names in lights. It stands out in the room when you purchase the right kind of gobo and use a high quality lighting fixture. Quality Entertainment uses only the very best powerful light fixture with the proper size lens to project your name on to the wall or dance floor. The difference from our gobos and fixtures to others in the industry is significant. Now you can achieve this amazing design at a discounted rate thanks to the savings we have obtained from our various suppliers.

The possibilities for using gobos are endless. Cast your name in lights, your initials, the wedding date or a specific design on the ceiling or floor. With gobos, you are creating a look in the room which is different from all other weddings.

The Difference with Gobos by Quality Entertainment

Not all gobos are created the same. Our gobos are constructed out of steel which clearly define the letters, words and design while some are made from plastic and do not appear as sharp. Our fixtures use high intensity bulbs over 575 watts while lower quality ones use low power LEDs which are barely visible. Quality Entertainment also has several different types of lenses for specific venues where the gobos need to be larger or smaller to project on a wall. If these special lenses are not used then your gobo will be too big and will display over paintings and windows in the room or it will appear too small. Quality Entertainment will use the right size light fixture to create the effect that works the best for your room and will frame the gobo into a specific area above the head table, on the wall or the dance floor.

Multiple Gobos

Why buy one gobo when you can buy two for a very low price. Quality Entertainment has made it possible with its low pricing to give you the opportunity to display two gobos in the room. Now you can display your names with the same image in the same room or in different rooms.

To order your gobo, clearly fill out the form with the names you want to appear on the gobo and the date.

A. Gobo with Date

Qty: _____ pcs.
